If the hot weather continues for several weeks longer there will be few cigarette smokers left in this section of the country. There are at least two dozen addicted to the habit who have sworn off on account of atlments supposed to have resulted from the habit. While the habit is injurious it is not the cause of the sickness often attributed to it and especially in such weather as we are now having. A person will naturally drink more ice water than usual and his digestive organ will soon be in a very bad fix, When this part of the anatomy is out of order smoking will promote cramps and her baggage was checked to that soint with the intention that she think the ailment is caused by the cigarette smot!
